

STONKAM®

World's

Leading Supplier of
VISION SOLUTIONS

STONKAM CO.,LTD

ISO 26262
ISO 21434

IATF 16949:2016
ISO9001:2015

All for driving safety

STONKAM®

AI 3D 360° AVS (4G + GPS + 360° + BSD + ADAS)

BSD + FCW + LDW

Compliant with UN ECE R151 + R159 certifications

6CH 360° AVS Plus

4 / 6CH 360° AVS Plus

4 / 6CH 360° AVS Monitors Plus

- 1080P input / output with split-view mode;
- Integrated with BSD + FCW + Speed Control + Braking Control;
- Switchable 3D/2D mode with super-mirror rear view;
- Automatic calibration within 1 minute;
- Equipped with video recording for accident evidence.

One-minute Calibration

12.3" 6CH 360° AVS System

AI 4G IoT (4G + GPS + 360° / BSD / DMS / ADAS / APC)

- Remote fleet monitoring via 3G/4G/WiFi;
- Multiple trigger recording modes with 15-second pre-recording and automatic alarm video upload;
- Manages vehicle rental, inspection, maintenance, electronic fences, etc.
- Remotely controls unauthorized driving and promptly stop irregular behaviors.
- Conducts efficiency analysis on drivers and vehicle operation to improve operation efficiency.
- Support API integration.

STONKAM®

AI 4G IoT — AI dashcam (4G + GPS + DMS + OMS + ADAS)

- The rotatable in-cabin camera meets a variety of application scenarios;
- Integrated with DMS and OMS.

Supports additional 2CH cameras (IPC/AHD)

It can achieve all-round monitoring in front, back, left and right without additional control boxes, supporting IPC/AHD cameras.

Cargo Monitoring Camera

OBD(CANBUS) vehicle information collection

AI 4G IoT— AI 4G Monitor (4G + GPS + BSD / APC / ADAS / DMS)

- All-in-one monitor with 4G, GPS, WIFI and recorder;
- Built-in algorithm BSD/ADAS/DMS/APC.
